LABORATORY SUPPLY

TRANSPORT / PACKAGING / ABSORBENTS / CLINICAL

SPECIALIST SUPPLY. PRACTICAL DETAIL. BUILT AROUND YOU.

MedSafe is an award-winning supply company supporting organisations with specialist packaging, clinical essentials and considered supply programmes.

LabLine brings together specimen transport bags, biohazard packaging, absorbent and protective consumables, and everyday clinical essentials.

From dimensions and material to printing, packing and delivery, we build each programme around the requirements of your operation.

YOUR REQUIREMENTS. BUILT INTO EVERY DETAIL.

EVERY DETAIL. CONSIDERED.

Material choices.
Practical specifications.
Reliable programmes.

The support to bring a better supply solution into operation.

SPECIALIST SUPPLY SHOULD BE PRECISE, PRACTICAL AND BUILT AROUND YOUR OPERATION.

MATERIAL CHOICES

Packaging and consumables selected for the intended application.

CUSTOM MANUFACTURING

Dimensions and product formats built around agreed requirements.

YOUR BRAND

Colour, printing and packaging for a considered presentation.

QUALITY DOCUMENTATION

Product-specific specifications and supporting compliance information.

VOLUME SUPPLY

Programmes for ongoing demand, larger orders and multiple locations.

WORLDWIDE DELIVERY

Coordinated international delivery with DDP supply arrangements.

AWARD-WINNING INNOVATION.

WINNER

MEDICAL TECH DEVELOPMENT COMPANY OF THE YEAR 2025

CORPORATE LIVEWIRE

Recognised for innovation in medical technology and product development.

WINNER

LL-001 / CATALOGUE REFERENCE

95kPa SPECIMEN TRANSPORT BAGS

Pressure-rated specimen transport packaging for sample-handling and transport programmes.

PRODUCT SPECIFICATION

MATERIAL	PET / PA / PE multilayer film
CLOSURE	Permanent adhesive tape
STANDARD SIZES (MM)	90 x 110; 100 x 150; 177 x 225; 290 x 420; 300 x 420; 300 x 530
FILM THICKNESS	0.12, 0.15 or 0.20 mm, depending on size; custom specifications available
ABSORBENT OPTION	Can be supplied with an absorbent pad inside
CUSTOMISATION	Dimensions, thickness and printing to agreed requirements
PACKING	20, 50 or 100 bags per pack; 10 packs per carton, depending on size

TECHNICAL DETAILS

Pressure-test report records 95 kPa differential pressure for 30 minutes without leakage for the tested bag. Supply specifications and report coverage are confirmed for the selected configuration. Use within an appropriate complete transport packaging system.

LL-002 / CATALOGUE REFERENCE

SPECIMEN BAGS & DOCUMENT POUCHES

Resealable specimen bags and document-pouch formats for organised sample handling, identification and transport.

PRODUCT SPECIFICATION

MATERIAL	LDPE
STANDARD SIZES (MM)	102 x 152; 150 x 229; 203 x 254; 254 x 254; 305 x 381
FILM THICKNESS	0.046 or 0.05 mm; custom options by agreement
CLOSURE	Single zipper or permanent adhesive tape
DOCUMENT POCKET	Custom document-pocket configurations available
CUSTOM OPTIONS	Dimensions, printing, branding and packing

TECHNICAL DETAILS

Resealable specimen bags and document pouches are supplied to the agreed specification. These formats are distinct from pressure-rated 95kPa transport bags.

LL-003 / CATALOGUE REFERENCE

BIOHAZARD WASTE BAGS

Printed waste bags for clinical and laboratory waste-handling programmes, with dimensions and presentation tailored to your requirements.

PRODUCT SPECIFICATION

REGULAR WASTE BAGS	LDPE; 0.03-0.05 mm film
CAPACITIES	20, 30, 50, 60, 90 and 120 litre options
STANDARD SIZES (MM)	400 x 650; 450 x 750; 600 x 800; 650 x 900; 700 x 950; 750 x 1150
COLOURS / PRINT	Red and yellow options; custom warning text and branding
CUSTOM MANUFACTURE	Sizes, thicknesses and packing to agreed requirements
PACKING	Pack and carton quantities agreed per order

TECHNICAL DETAILS

Select waste bags for the intended waste stream and destination requirements. Material, dimensions, thickness, colour and printing are agreed for the selected application.

LL-004 / CATALOGUE REFERENCE

ABSORBENT PADS

Custom absorbent pads for specimen-transport packaging, with dimensions and absorption capacity tailored to the agreed application.

PRODUCT SPECIFICATION

ABSORBENT MATERIAL	Pulp and superabsorbent polymer (SAP)
PAD DIMENSIONS	Custom sizes to suit the selected bag and packaging format
ABSORPTION CAPACITY	Custom capacity to the agreed specification
FORMAT	Pads sized for inclusion in specimen-transport packaging
BAG & PAD OPTIONS	95kPa bags can also be supplied with an absorbent pad inside
PACKING	Pack and carton quantities agreed per order

TECHNICAL DETAILS

Pad dimensions and absorption capacity are agreed for the intended contents and transport-packaging configuration. Custom pads and pre-inserted bag-and-pad options are specified separately to suit the order.

LL-005 / CATALOGUE REFERENCE

GAUZE & DRESSINGS

Cotton gauze swabs and adhesive dressing options for clinical and first-aid supply programmes.

PRODUCT SPECIFICATION

GAUZE MATERIAL	100% cotton
GAUZE SIZES	5 x 5 cm; 7.5 x 7.5 cm; 10 x 10 cm
GAUZE PLY	8-, 12- or 16-ply options
GAUZE FORMATS	Sterile or non-sterile; folded or unfolded edges
DRESSING OPTIONS	Nonwoven or transparent PU formats; absorbent-pad options
DRESSING SIZES	Options include 5 x 7.2 cm, 6 x 7 cm, 10 x 10 cm and 10 x 20 cm
CUSTOM SIZING	Custom dimensions available to agreed requirements

TECHNICAL DETAILS

Sterility applies only to the selected sterile product and intact sterile packaging.

LL-006 / CATALOGUE REFERENCE

PLASTERS

Adhesive wound plaster options in a range of backing materials, sizes and shapes for everyday first-aid provision.

PRODUCT SPECIFICATION

BACKING OPTIONS	PVC / PE, elastic cloth or nonwoven
STANDARD STRIPS	38 x 19 mm; 60 x 19 mm; 72 x 19 mm; 76 x 19 mm
OTHER SIZES	38 x 38 mm; 72 x 25 mm; 76 x 25 mm
ROUND OPTIONS	22 mm or 25 mm diameter
SHAPED OPTION	76 x 38 mm H-shape
PAD	Absorbent, non-adherent pad
CUSTOM SIZING	Custom dimensions available to agreed requirements

TECHNICAL DETAILS

Custom dimensions and pack formats available to agreed requirements.

LL-007 / CATALOGUE REFERENCE

BANDAGES

Crepe and elastic bandage options for first-aid and care supply programmes, with material and dimensions selected for the application.

PRODUCT SPECIFICATION

MATERIAL OPTIONS	Cotton; cotton + spandex; polyester + natural latex
COTTON CREPE SIZES	5, 7.5, 10 or 15 cm wide x 4 m
ELASTIC CREPE SIZES	5, 7.5, 10 or 15 cm wide x 4.5 m
HIGH-ELASTIC SIZES	5, 7.5, 10 or 15 cm wide x 4.5 m
COTTON FORMATS	100% cotton or 98% cotton / 2% spandex options
CUSTOM SIZING	Custom dimensions available to agreed requirements

TECHNICAL DETAILS

Natural-latex content applies to the polyester / latex high-elastic option; select the appropriate material for the user.

LL-008 / CATALOGUE REFERENCE

ALCOHOL PREP PADS

Individually packed, single-use alcohol prep pads for external use, with a compact sachet format for clinical and first-aid supply programmes.

PRODUCT SPECIFICATION

ALCOHOL CONTENT	70-75% alcohol, as labelled on supplied packaging
MAIN SIZE	30 x 60 mm
OTHER SIZE OPTIONS	30 x 30 mm, 60 x 60 mm and 60 x 80 mm within the declaration scope
PRESENTATION	Individually sealed sachets
BOX QUANTITY	100 pads per box
INTENDED USE	External use only
EU DOCUMENTATION	Declaration of conformity referencing Regulation (EU) 2017/745
DECLARED CLASS	Class I medical device within the supplied declaration
FDA INFORMATION	Establishment and device-listing references available in supplied documentation

TECHNICAL DETAILS

Alcohol concentration and dimensions are confirmed for the selected order specification. Follow the supplied product instructions.

PACKAGING WITH PURPOSE. SUPPLY WITH PRECISION.

DIMENSIONS & MATERIAL

Bag dimensions, film thickness, absorbent format and product construction are agreed around the application. Custom requirements are reviewed with the selected supply specification.

PRINTING & PACK FORMATS

Branding, warning information, document pockets, pack quantities and outer cartons are considered together. Available options depend on the selected product and order volume.

SUPPORTING DOCUMENTATION

Technical specifications, applicable conformity documents and relevant test reports can support procurement. The documents must relate to the selected product, intended use and destination.

INTERNATIONAL DELIVERY

Orders include DDP delivery as agreed in the quotation. Production and delivery schedules depend on the item, quantity, custom requirements and destination.

CONFIDENCE IN EVERY DETAIL.

Product-specific information for the requirements that matter to your operation.

SPECIMEN PACKAGING
